Set up

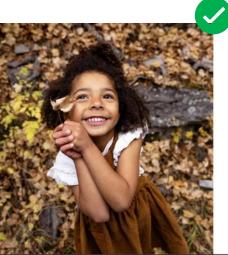

- Add a slide After opening the template, you'll see several slide examples. For more information about the slides please check the notes section. To add a slide, in the Home toolbar at the top left, click "New Slide." You will see a drop-down menu of all available layout options.
- Choose a layout Consider the information you want to include. There are various ways to present information using text and image.

Text

- Less is more Keep the amount of text to a minimum if possible.
- Know your audience Avoid internal jargon and wordiness.
- Keep design intact Color, font, and spacing should all remain exactly the same.
 Fonts in the template will work on Mac and PC.
- Mind the margin— The margin should be at least .5 inches on all sides. On the bottom of the slide, type should not go into the brown curved footer.

Building Community

Connecting everyone to the outdoors

The Trust for Public Land (TPL) is a national nonprofit that works to connect everyone to the benefits and joys of the outdoors. As a leader in equitable access to the outdoors, TPL works with communities to create parks and protect public land where it is needed most.

Since 1972, TPL has protected more than 3 million acres of public land, created more than 5,000 parks, traits, schoolyards, and loonic outdoor places, raised \$848 in public funding for parks and public lands, and connected more than 9 million people to the outdoors.
